

LSP[®] Lamp Service Products

Foodservice Catalog

Lamp Service Products

Welcome to Lamp Service Products. We make it easy to get premium tabletop lighting solutions for foodservice operations. Distribution centers in the east and west provide streamlined shipping and our team of responsive industry experts ensure you receive your orders quickly, at the very best value and with extraordinary customer service. Our comprehensive product line always meets your diverse and specific needs. Whether it's lamps, liquid wax, wax candles, butane or any variety of chafing fuels, our experienced team of professionals provide unsurpassed knowledge combined with personalized service.

LIQUID WAX

With cartridges to fit any application, PureLite® liquid wax offers operators an economical, safe, odorless, smokeless, clean and convenient option for lighting. Whether you need 8 hours or 50 hours of beautiful lighting, LSP is your convenient source.

LUMINARIES

Our line of luminaries feature a permanent wax shell and are a great solution for catered events, weddings or any affair. Create a natural wax look and feel by adding a liquid fuel cell or a battery operated flameless candle.

HOW THEY WORK

Fuel Cell or Battery Operated Flameless Candle is placed inside the wax pillar as shown.

FLAMELESS LIGHT

When open flame lighting is not an option, LSP's flameless lighting sets are the perfect solution. These are commercial grade, waterproof, lithium-ion powered LED lights. They feature a remote control and are offered in amber, warm white and super bright tones. A complete set recharges in only 8 hours, then provides 16 hours of safe, consistent light anywhere. The inductive charging trays can be linked together for convenience.

CHAFING FUEL BASICS

Depending on your specific needs, Lamp Service Products offers chafing fuels in three variations: Wick, Flat Wick and Gel.

Wick

Our Pure Heat® and Buffet Magic® chafing dish fuels ensure performance from two to six hours with a consistently strong flame height.

The clean-burning, liquid fuel and large wick delivers heat exactly where you need it while the can stays cool to the touch. Choose between a screw cap or stem wick design.

Flat Wick

Featuring a wide-pad design, Heat All® provides high-heat power through a wider and hotter flame. It's highly efficient, and offers wick fuel safety and a spill proof lid.

Gel

Ideal for buffets and catered events, our Buffet Magic® premium gel fuel provides steady and consistent heat, and is packed in strong steel cans to ensure safety.
